

AUNT MARY'S HOUSE

AMH Newsletter

JANUARY 2024

A Message from Brenda White

We welcome the year with new and continued support of Aunt Mary's House. Following my presentation to the CV Free Church Board of Directors, their board agreed to a \$200 monthly gift throughout 2024. We received several other gifts that reflect the belief among our community that Aunt Mary's House is a welcome and needed resource.

Two large events for this year include the Miles of Love Mother's Day Brunch. Taking place on Saturday, May 11, this brunch will include a live auction and support from Live Event NY. Still in development is our Motorcycle Ride event in the late summer. We'll be sure to keep you updated as we work on logistics for that event.

Residential Update

Our next big project for the home is updating the HVAC system, a vital system to help ensure our mothers and their babies are in a home of comfort no matter the conditions outside. We all know our Upstate New York weather can get hot and humid in the summer and very cold in the winter. We'll keep you updated.

Friends of Aunt Mary's House

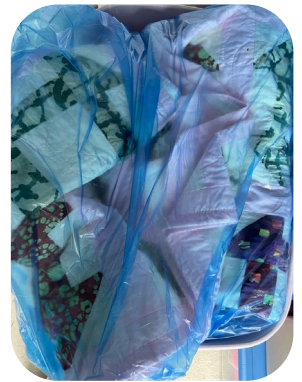

Support from our friends continues to warm our hearts and fuel our passion for this project. Thank you for your support:

- CV Free Church, \$200 monthly through 2024
- St. Anne's Episcopal Church, \$350
- Preston UMC, \$300
- East Pharsalia Baptist Church, \$300

As we continue to receive donations, both monetary and in-kind, we position ourselves to be a place people can look to in their moment of need. We could not make this program happen without your support and look forward to continued support from our community and new Friends of Aunt Mary's House.

Brenda White

AMH received beautiful quilts, crocheted blankets, and bottles full of change.

*Together we will make
a difference.*
